PAULETTE KINCAIDE

Dear Paulette Kincaide:

Flagstar Bank treats the security and privacy of your personal information with the utmost importance, which is why we are writing to let you know about a recent security incident. We want to provide you with information about the incident, explain the services we are making available to you, and let you know that we continue to take significant measures to help protect your information.

What Happened?

Flagstar recently experienced a cyber incident that involved unauthorized access to our network. In response, Flagstar promptly took steps to secure its environment and investigate the incident with the assistance of third-party forensic experts.

What We Are Doing.

Upon learning of the incident, we promptly activated our incident response plan, engaged external cybersecurity professionals experienced in handling these types of incidents, and reported the matter to federal law enforcement. After an extensive forensic investigation and manual document review, we discovered on June 2, 2022 that certain impacted files containing your personal information were accessed and/or acquired from our network between December 3, 2021 and December 4, 2021. We have no evidence that any of the information has been misused. Nevertheless, out of an abundance of caution, we want to make you aware of the incident.

What Information Was Involved?

On June 2, 2022, we determined that one or more of the impacted files contained your Social Security number, name, and phone number.

What You Can Do.

We have no evidence that any of your information has been misused. Nevertheless, out of an abundance of caution we have secured the services of Kroll to provide identity monitoring at no cost to you for two years. You should also promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and the Federal Trade Commission ("FTC"). If you file an identity theft report with your local police department, you should ask for and are entitled to receive a copy of the police report. Some creditors may ask for the information contained in the report.
